  a) A spouse, parent, brother or sister, or child of that person, or an individual to whom that person stands in the position or place of a parent; or
  b) Any other person living in the household of that person and related to that person by blood and marriage.
- Other person under the tenant’s control, for the purposes of this policy means that the person, although not staying as a guest in the unit, is, or was at the time of the activity in question, on the premises because of an invitation from the tenant or other member of the household who has express or implied authority to so consent on behalf of the tenant. Absent evidence to the contrary, a person temporarily and infrequently on the premises solely for legitimate commercial purposes is not under the tenant's control.
- Perpetrator means a person who commits an act of domestic violence, dating violence, sexual assault or stalking against a victim.
• Bifurcate - With respect to a public housing or a Section 8 lease, bifurcate means to divide a lease as a matter of law such that certain tenants can be evicted, terminate occupancy rights, or removed while the remaining affiliated member or family members’ lease and occupancy rights are allowed to remain intact. If the person removed as a result of bifurcation was the sole eligible tenant, remaining tenants must have the opportunity to establish their eligibility for the program, or, if not eligible, be given a reasonable amount of time to find new housing.

• Actual and Imminent Threat - HUD regulations define actual and imminent threat to mean words, gestures, actions, or other indicators of a physical threat that (a) is real, (b) would occur within an immediate time frame, and (c) could result in death or serious bodily harm [24 CFR 5.2005(d)(2) and (e)]. (An incident of actual threatened domestic violence, dating violence, sexual assault or stalking will not be construed as serious or repeated violations of the lease or “other good cause” for termination of the assistance, tenancy, or occupancy rights of a victim of abuse.) In determining whether an individual would pose an actual and imminent threat the factor(s) to be considered include:
  a) The duration of the risk.
  b) The nature and severity of the potential harm.
  c) The likelihood that the potential harm will occur.
  d) The length of time before the potential harm would occur.

The VAWA information has been added to the Section 8 Housing Choice Voucher Program and Public Housing Briefings. The Briefing Packets now include the brochure Tenants rights, ‘The Violence Against Women & Department of Justice Act’.

The Shelby Metropolitan Housing Authority ACOP and Section 8 Administrative Plan victims are given preference points to enable the families to be housed faster. Our policies state that the families must be working with law enforcement agencies, mental health facilities, victim services or domestic violence programs to receive the preference.

The PHA will continue to develop policies and procedures as needed to implement the requirements of VAWA and has provided VAWA training to its staff. Shelby Metropolitan Housing Authorities goals are to educate clients about domestic violence and help families that are in domestic violence situations find a safe affordable place to live. We will continue to collaborate with agencies to provide programs, education, and services for families and affiliated individuals of domestic violence and to prevent and respond to domestic violence, dating violence, sexual assault or stalking, as those criminal activities may affect applicants for and participants in the PHA’s housing programs.

Neither the Violence Against Women Act nor this policy adopted by the SMHA implementing the provisions of the VAWA, shall preempt or supersede any provision of Federal, State or local law that provides greater protection than that provided under VAWA for victims of domestic violence, dating violence, sexual assault or stalking.
A. Substantial Deviation from the 5-year plan
   Any change that would affect the Mission of the Housing Authority, would significantly reduce the number of clients served or would significantly reduce the funds available to serve clients would be considered a substantial deviation from the 5-year plan.

B. Significant Amendment or Modification to the Annual Plan
   Any addition or deletion of a Major Federal award program that would have a drastic affect on the number of clients served or how the Housing Authority serves its clients or any budget revision to a Capital Fund Program that exceeds 30 percent of the total award would be considered a significant amendment or modification to the annual plan.

Continue to work with JTTA to make some fun for the residents. But most of all, let’s work together for the highest good for SMHA & JTTA, and the residents that live there, and other complexes.

Bedbugs.
People letting people in and then you get blamed for it. Person said going to me but went somewhere else.

The above mentioned issues and concerns have been reviewed and we will continue to work with our residents to address security and safety issues. Some of the concerns are already being handled through notices to tenants, informal conferences, and updated security cameras to address any program violations and reinforce the in-house rules and regulations. Some of the recommendations of the residents association are listed in the cap fund such as new carpeting and patio doors. Work orders are done in a timely manner in order of importance, and all concerns have been addressed. We have worked with local churches and other organizations to offer life skills classes and programs, but with very low attendance. New residents have expressed interest in life skills and general public health programs. The S.M.H.A. is in the process of working with agencies again to offer these type of programs. Some of the programs currently scheduled are blood pressure checks, well-being screenings, Coffee with a Cop, and the Christmas Clearinghouse. The local library also supplies books monthly to our Jackson Towers residents. We strive to continue these programs and encourage tenant participation. Vehicle decals have been issued with the goal of resolving the improper guest parking problems.
